- | | | | |
|-----------|--------------|---------|-------------|
| • Flutter | • Django | • HTML | • CSS |
| • Python | • JavaScript | • React | • Bootstrap |
| • MySQL | | | |

EDUCATION QUALIFICATION

- **MBA(IT,HR)**, IFTM University, Moradabad
2022-2024 (6.6/10)
- **B.tech(ECE)**, IFTM University, Moradabad
2019-2022 (8.4/10)
- **Polytechnic Diploma (ECE)**, IFTM University, Moradabad
2016-2019 (75%)
- **High School**, DRSVMIC, Moradabad
2016 (72%)

PROJECTS

- Designed and developed a **job search platform** using Flutter, enabling users to find jobs, internships, and part-time positions. This large-scale, ongoing project continuously evolves with new features and improvements for both the website and mobile app.
- Developed a mobile application for physio customers using Flutter, providing comprehensive information and guidance through voice and video calls with trainers.
- Developed a website using the Flutter frame work during my internship, enabling users to monitor their websites through **Upbot**.

Personal Projects

- **Indian_shop Website**

Developed an E-Commerce website using Python, Django, HTML, CSS, Bootstrap, and SQLite3 database. Implemented features like COD and Net Banking for purchases, a Wishlist for saving favorite products, and Google Maps integration on the Contact page for location tracking.

<http://rishimourya8700.pythonanywhere.com/>

- **Banking Automation System**

Developed a desktop GUI application using Python's Tkinter library, allowing users to create new accounts, deposit and withdraw funds, update profiles, and recover passwords.
